TIPS FOR **Mortgage Financing**

Always check with your lender before doing any of the following prior to closing on your home:

MAKING A BIG PURCHASE:

Avoid making major purchases, like buying a new car or furniture, until after you close on the home. Big purchases can change your debt-to-income ratio that the lender used to approve your home loan and could throw the approval into jeopardy.

MISSING ANY PAYMENTS:

Do not open any new credit cards or get a loan without speaking to your lender first.

CASHING OUT:

Avoid any transfers of large sums of money between your bank accounts or making any undocumented deposits - both of which could send "red flags" to your lender.

KEEP THE SAME JOB:

Be kind to your boss and keep your job. Don't begin looking for new work right now, unless it's a second job to make extra money.
