## THE DETAILS That Matter.

### **STANDING OUT FROM THE CROWD**

If you've seen one home, you've seen them all, right? Wrong! Each home has unique features and qualities. We take the time to learn exactly what they are. Your home has it's own personality, character, and features, and will be competing with other properties on the market. We ensure that your home is not only priced right, but that it's features and benefits are highlighted.

### **PROFESSIONAL PHOTOGRAPHY, ALWAYS!**

There is no bigger turn-off to potential buyers than when they are browsing listings, only to see photos of a home that were clearly taken with someone's phone. It's unacceptable.

### **PROFESSIONAL VIDEOGRAPHY, TOO!**

In the digital age, video is king! Showcasing your home and all of it's best features for potential buyers is imperative when it comes to selling for top dollar.

### **SOCIAL BUTTERFLIES**

We all know social media has become an integral part of our lives. 3.5 BILLION people use social media, with the average person spending approximately 3 hours per day scrolling through their various social media networks. 90% of those people are doing so on their phones. So what does that mean for you when trying to sell your house? It means that we are able to utilize these networks to get your home in front of more people!

### **MARKETING AGENCY, AT YOUR SERVICE**

Our team of specialized marketing experts use aggressive marketing and re marketing strategies across the vast digital landscape. We implement precise demographic targeting to ensure your property is viewed by people who are most likely to buy it NOW.
